Fourth Update

**Pictorial Catalog  
of  
Lions Trading Pins  
Commemorating  
the  
American Civil War**

The pins shown on the attached pages represent the additions received since the issue of the Third Update.

As usual, we need your assistance in maintaining the currency of the Catalog. If you are aware of recent issues of Civil War pins that are not shown herein, we would appreciate your calling that to our attention in order that we might take whatever action is necessary to obtain the pin(s). We are aware that there are a number of Civil War pins that are presently in production by the pin makers, and these will (hopefully) be included in the next update. As we have stated in the past, to maintain the quality of the Catalog, we will not accept color pictures. We have found that there is no substitute for taking a direct image copy of the pin.

Update #5 will be issued as soon as there are sufficient numbers of pins to justify the printing and distribution costs. In this connection, we are most appreciative of the financial assistance that we have and continue to receive from the PIN TRADERS CLUB OF VIRGINIA (PTCV). Through the generosity of the PTCV, we are able to provide the Updates at approximately 50% of the actual costs.

**SPECIAL NOTE:** The pins shown on this page are NOT intended to offend anyone nor are they intended to take away from the historical significance of most of the other pins shown in this Catalog. These pins ARE intended to invoke a little humor into what already has become one of the best and most enjoyable series of pins in the history of Lions Club trading pins. Whether you choose to collect them for inclusion with the other pins in this series, is strictly up to you. We felt that because of their "flavor" and connection with the Series, you would want to see them.
