

June 2001

Sixth Update

Pictorial Catalog of Lions Trading Pins Commemorating the American Civil War

The pins shown on the attached pages represent the additions received since the issue of the Fifth Update.

As usual, we need your assistance in maintaining the currency of the Catalog. If you are aware of recent issues of Civil War pins that are not shown herein, I would appreciate your calling that to my attention in order that I might take whatever action is necessary to obtain the pin(s). I am aware that there are a number of Civil War pins that are presently in production by the pin makers, and these will (hopefully) be included in the next update. As I have stated in the past, to maintain the quality of the Catalog, I will not accept color pictures. I have found that there is no substitute for taking a direct image copy of the pin.

Update #7 will be issued in late October or as soon as there are sufficient numbers of pins to justify the printing and distribution costs. In this connection, I am again most appreciative of the financial assistance received from the Pin Traders Club of Virginia. Also, the addition of the data base of pins in the Catalog is through the courtesy of the Colorado Lions Pin Trading Club. They have underwritten the cost of the data base and PDG Bill Nelson of that Club has provided the manpower necessary to develop it.

William A. Smith, PDG
Editor and Publisher

Glen Yoder (IN)

NOTE: Assuming that all trains eventually 'visit' a railway depot, this station is intended to be the one for the "Big Blue Train of the Union" shown on page 9 of this Update #6. Accordingly, it should be considered a part of that set of pins. Unfortunately, the station pin was not received until after page 9 was already printed. We understand that the Great Grey Train of the Confederacy shown on page 8, will also have a train station. We believe it will be the station at Chatanooga, TN, and will be offered as a part of that set by Lion Bob Meyer of Tennessee.
