Seventh Update

**Pictorial Catalog
of
Lions Trading Pins
Commemorating
the
American Civil War**

The pins shown on the attached pages represent the additions received since the issue of the Sixth Update.

If you are aware of recent issues of Civil War pins that are not shown herein, I would appreciate your calling that to my attention in order that I might take whatever action is necessary to obtain the pin(s) for inclusion in Update #8. I am aware that there are several Civil War pins presently in production, as well as some that might have already been produced, but were not available at the time of this Update. All of these will (hopefully) be included in Update #8, which is planned for early in 2002.

As always, I am most appreciative of the financial assistance received from the Pin Traders Club of Virginia, as well as the cooperation of the Colorado Lions Pin Trading Club in developing and underwriting the costs of the data base. In this connection, PDG Bill Nelson of Colorado has provided the manpower necessary to develop the data base.
