Eighth Update

Pictorial Catalog of Lions Trading Pins Commemorating the

AMERICAN CIVIL WAR

The pins shown on the attached pages represent the additions received since the issue of the Seventh Update.

If you are aware of recent issues of Civil War pins that are not shown herein, I would appreciate your calling that to my attention in order that I might take whatever action is necessary to obtain the pin(s) for inclusion in Update #9, which is the LAST update. I am aware that there are several Civil War pins presently in production, as well as some that might have already been produced, but were not available at the time of this Update. All of these will (hopefully) be included in the LAST update, which will be issued in conjunction with the LITPC Annual Meeting in Ocean City, Maryland in May.

As always, I am most appreciative of the financial assistance received from the Pin Traders Club of Virginia, as well as the cooperation of the Colorado Lions Pin Trading Club in developing and underwriting the costs of the data base. In this connection, PDG Bill Nelson of Colorado will produce a final data base to incorporate those pins issued in Updates #7, #8, and #9. This will be distributed with Update #9.
