Miscellaneous Pins

The pin on the left above is the original 1974 Connecticut pin. At the time this pin was issued, the manufacturer made several presentation sets for the District Governors of Connecticut. The gold pin shown on the right is from one of those sets. Many years later, the set shown below, as well as one without a date on the white pin, was reissued by persons unknown. These remade sets brought high prices on e-bay because pin traders did not realize they were buying remade sets. The bottom line is that the value of what was once a highly collectible and valuable set is no longer true. There is far too much confusion over the authenticity of the set.

2015

NOTE: We understand that the Pin Traders Club of Connecticut issued this as a special during 2015. In the absence of any designation on the pin to that effect, we are showing it in this location. It has the appearance of being a MD-23 issue.
