

GEORGIA - MD 18

GEORGIA is in the Southeastern region of the U.S.A. with a population of more than 9.8 million residents. It was one of the original 13 colonies that revolted against British rule in 1776 and then almost 100 years later in 1861 became one of the original 7 states to leave the Union that started the American Civil War. Truly, the capital city of Atlanta is one of the great cities in the United States and is the home of the first Lions Club in the state, which was chartered in 1920.
