 New Hampshire Martin Luther King Day

FAST DAY. This was a day of public fasting and prayer and was traditionally observed in the New England states of the U.S.A. It had its origin in the days of prayer and repentance proclaimed in the early days of the American colonies by Royal Governors. It was observed by church attendance, fast, and abstinence from secular activities.

Fast Day had lost its significance as a religious holiday by the late 19th century. It was abolished by Massachusetts in 1894 and shortly thereafter by Maine. It continued in Hew Hampshire until 1991, when it was dropped and replaced with the January CIVIL RIGHTS DAY, which in 1999, became MARTIN LUTHER KING, JR. DAY.

Thanks go to PCC Don and Meg Ager for the input on the explanation behind the development of these pins.

MEMO TO ALL HOLIDAY SERIES PARTICIPANTS (Please Read & Respond)

SUBJECT: To Continue or Not

Based on the number of suggestions that I have received from several of you about the question of whether we should continue the Holiday Series for another year, I thought this would be the appropriate time to raise the question to ALL of you. In this connection, I am only soliciting comments from those of you who have supported the Holiday Series. In my opinion you are the only ones whose voices should be heard and not the entire LITPC membership.

As you all must be aware by now, I have announced on a number occasions that the Series would terminate with the update issued in June 2015, immediately preceding the Lions International Convention in Hawaii. This was based on the feelings expressed by the majority of you at the time the Series was started. To be honest, I don't think any of us ever envisioned the popularity of the Holiday Series and we have only scratched the surface in our salutes to the various holidays. However, should the majority of you respond that it's time to move on to other things, then we can all take a lot of satisfaction in knowing that we have had a wonderful time in recognizing not only the more well-known holidays but also a number of previously unheard of events. I personally have been honored to have been involved in documenting the issues but I want you to know that it has also taken the time and effort of a few who prefer to remain unknown. I have documented the Civil War Series, the Indian Series, the Transportation Series, and the Military Series. However, this one ranks number one with me because it has brought out some of you who have not previously participated in a series and it has not been dominated by any one group of people the way all the others were. Enough said.

Now, I need each and everyone of you to PLEASE let me hear from you by responding to this simple and unscientific survey:

1. Do you want to continue the Holiday Series for at least one more year with the ending day of 30 June 2016? If you answer "Yes" that's all you have to do is let me know.
2. Do you want to end the Holiday Series as previously announced in conjunction with the LCI convention in Hawaii?
3. If you want to discontinue the Holiday Series and would like for us to consider a new one, what would be your choices? Please list your top three in the order of your interest.

That's it. Simple and unscientific.

MEMO TO HOLIDAY SERIES PARTICIPANTS WHO HAVE **NOT RESPONDED TO THE SURVEY REGARDING THE CONTINUANCE OF THE SERIES (Please Read & Respond)**

SUBJECT: To Continue or Not

Hopefully you recall that in the October Update, I included a short survey to find out whether you wish to continue the Holiday Series for another year with an ending date of June 2016. About 50% of current participants have responded and I would hope that the remainder of you have merely overlooked the request to respond. Without going into all the details again, I urge you to take a few minutes and let me hear from you regarding the following questions:

- 1. Do you want to continue the Holiday Series for at least one more year with the ending day of 30 June 2016? If you answer “Yes” that’s all you have to do is let me know.**
- 2. Do you want to end the Holiday Series as previously announced in conjunction with the LCI convention in Hawaii?**
- 3. If you want to discontinue the Holiday Series and would like for us to consider a new one, what would be your choices? Please list your top three in the order of your interest.**

Santa & His Sleigh
Pulled by His Magnificent Team of Missouri Mules

NOTE: This is a six pin set which normally would have six separate numbers assigned. However, all of the pins are locked together with a beautiful gold chain so we have used only one number. The set is affixed to a cardboard backing (5 1/2" h x 13 3/4" w) with the lettering in red as shown above. Congratulations to the Missouri Pin Traders for a truly collectors delight.
