Dear President Tam

The slogan of the Lions International Trading Pin Club is "Lions First." We are a Lions family of friends whose hobby is collecting and trading Lions pins. We have more than 1,000 members in North America, Europe, Australia, Indonesia, Asia, India, and Africa. At the International Convention in Seattle, many Chinese Lions joined our organization. We are a unique part of the International Family of Lionism.

"We Believe" in the bond of togetherness of the Lions International Family. As part of your family team, we pledge to plant 1,000 trees - one tree per member. We have shared your tree planting message with our membership on our website (litpc.org), in our newsletters, and by word-of-mouth. At several recent pin swaps, we have held tree planting ceremonies, and we plan to hold similar ceremonies at our future pin swaps. As each pin traders plants a tree, the LITPC webmaster will be informed and will post the names of the participants as well as a cumulative total of trees that have been planted.

We have designed a special "tree pin", which is currently in production. This pin is in honor of your tree campaign. We will present the first of the tree pins to you in recognition of your leadership. Each LITPC member who plants a tree will receive the tree pin in remembrance of your program.

The LITPC is proud to be members of the Lions Club International family, and we thank you for your leadership, your family message, and the opportunity to be a part of your tree planting campaign. And, we are particularly proud of our slogan, "Lions First"

Yours in Lionism,

JAMES MINNICH, President
Lions International Pin Trading Club
